## EXPERIENCE

2023

2025

### UI/UX | Web Designer & Frontend Developer

CloseDigit LLP

- Developed multiple responsive portfolio websites with smooth scroll animations and optimized performance.
- Designed over 50+ unique UI components from scratch in Figma and implemented them with pixel perfection.
- Designed and implemented a multilingual website with i18n support in Next.js (English + Greek).
- Migrated a legacy Next.js 12 project to version 20 with improved routing and layout optimization.
- Boosted page load speed by 40% using code splitting, lazy loading, and image optimization.
- Recently Designed a responsive landing page for PRABHIM Technologies, clearly showcasing its CAD customization services, online training programs, and client reviews.
- Designed and developed a creative, meme-centric website for a memecoin project, blending humor with high-conversion UI/UX to attract crypto enthusiasts and investors.
